Dear Dr. ,

After a rigorous review, with pleasure we would like to inform you that your paper with ID/Title: #1570610991 ('Improved internet wireless reverse charging models internet under multi link service network by end-to-end delay QoS attribute') for 2nd ISRITI 2019 has been **accepted** to be presented and published in The 2019 International Seminar on Research of Information Technology and Intelligent Systems (ISRITI) - 2nd ISRITI 2019 which will be held in Yogyakarta, Indonesia during 5 - 6 DESEMBER 2019.

The blind review process has already taken from three reviewers and the result attached to this email. You have to revise your paper aligned with the review results.

The reviews are below or can be found at <https://edas.info/showPaper.php?m=1570610991>.

Please take some steps below.

1. Please register and make a payment to the conference through EDAS system.
2. Please download the Camera Ready of IEEE Full Paper A4 Template from the website of <http://bit.ly/ISRITI2018>.
3. Send the revised full paper in IEEE PDF eXpress format (see Instructions for IEEE PDF eXpress in the website of <http://isriti.akakom.ac.id/>).
4. Please provide Plagiarism Checker. Please be aware, according to IEEE regulation the maximum similarity score has to be less than 30%.
5. Login to EDAS, and fill in the Electronics Copyright Form (ECF) and Presenter.

Moreover, if you are from foreign countries, we would like to inform the best way to travel to Yogyakarta. You can take a flight through Jakarta, Indonesia using international flight and travel from Jakarta to Yogyakarta using domestic flight. you can get into the CAVINTON YOGYAKARTA HOTEL by using Taxi. If you come from any ASEAN countries there are available some low fare flight directly to Yogyakarta.

Please email us if you have any questions related to 2nd ISRITI 2019.

Review 1

Good (4)

Recommendation: How do you rate your recommendation?

Accept. (3)

Detailed comments: Please justify your recommendation and suggest improvements in technical content or presentation.

The paper has novelty and timeliness. A good application.

Review 2

Technical content and scientific rigour: Rate the technical content of the paper. (e.g. completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc), its soundness and scientific rigour.

Average (3)

Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper.

Average (3)

Quality of presentation: Rate the paper organization, the clearness of text and figures, the completeness and accuracy of references

Below Average (2)

Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.

Average (3)

Recommendation: How do you rate your recommendation?

Likely Reject. (1)

Detailed comments: Please justify your recommendation and suggest improvements in technical content or presentation.

There is no discussion of the method

Review 3

Technical content and scientific rigour: Rate the technical content of the paper. (e.g. completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc), its soundness and scientific rigour.

Good (4)

Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper.

Good (4)

Quality of presentation: Rate the paper organization, the clearness of text and figures, the completeness and accuracy of references

Average (3)

Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.

Average (3)

Recommendation: How do you rate your recommendation?

Accept. (3)

Detailed comments: Please justify your recommendation and suggest improvements in technical content or presentation.

The paper have good technical content. The paper have good data quality because taken from server for one month and compare with other variable. This paper is acceptable for the conference.

Kind Regards,

ISRITI Admin
