Dear Eli Sahara,

This is to confirm that you have successfully completed the Camera-ready submission of your paper:

The Effects of Probiotic and Organic Acid from Hymenache Acutigluma Silage to The Weight of Small Intestine and Caeca in Pegagan Ducks

to SRICOENV 2022, 3rd Srivijaya International Conference on Environmental Issues

Please note that for an online EAI conference, you are required to submit a video presentation of your paper. Check the conference website for instructions on how to record and submit your video presentation before the set deadline. This only applies to conferences organized and sponsored by EAI.

We hope to see you at SRICOENV 2022!

By taking part in SRICOENV 2022, you help advance EAI's mission toward open research and innovation via community-driven mentorship, review, recognition, and building a bridge between European and International research.

Thank you for being a part of the EAI Community.
