Re: Lithology-controlled subsidence and seasonal aquifer response in the Bandung basin, Indonesia, observed by Synthetic Aperture Radar Interferometry.

Dear Dr. Khakim,

Thank you for choosing to publish in International Journal of Applied Earth Observations and Geoinformation.

Please read this e-mail carefully and check that your details are correct so we can contact you if needed. Please also note your article's reference number (JAG 895) and quote it in all future correspondence so we can provide you with the best service. We will do everything possible to publish your article quickly and efficiently. In order to start the publication process we will ask you to fill out a number of forms which can be accessed using the below URL.

<http://authors.elsevier.com/authorforms/JAG895/5c8adfe86d9a2862c81b622c7e17669a>

If this link does not work, please copy the entire URL (noting that it may run on to a second line in this message) into your browser.

For further assistance, please visit our customer support site at <http://support.elsevier.com>. Here you can search for solutions on a range of topics. You will also find our 24/7 support contact details should you need any help from one of our customer support representatives.

Yours sincerely,
