Dear Dr. Mokhamad Yusup Nur Khakim,

Your manuscript "Earthquake impacts on Jakarta subsidence using Sentinel-1A 2D-MSBAS time series" has been reviewed. The comments of the reviewers are included in this letter.

We found that the comments of both reviewers are very constructive. Both reviewers think that your manuscript has the potential to be published in the Vietnam Journal of Earth Sciences after major modifications and return to reviewers. In your revision, please address all of the points made by each reviewer, amend the manuscript accordingly, and include a point-by-point response to each reviewer's comment with your response.

We would like to receive the revised manuscript as soon as is convenient, but by 10-Dec-2022 at the latest. Please communicate with the VJES editorial board via email should you need an extension of the deadline.

With best regards,
