SIXTEEN GREAT STATES!

Annual SNA Research Conference

This two-day Horticultural Research Conference is held annually in conjunction with the SNA Horticultural Trade Show and Convention, recognized by Tradeshow 200 as one of the 200 largest trade shows in the U.S. The event is held in Atlanta and has become world-renowned for quality research. Participants are the top horticultural research and educational leaders representing the south's top universities. Nurserymen and industry participants are invited to attend any and all sessions. Research presented at the conference is published in the annual publication "SNA Research Conference Proceedings" contained herein. For more information on the SNA Research Conference or the SNA Horticultural Trade Show and Convention, contact the Southern Nurserymen's Association at the following address:
