Subject: 2nd Revised Paper - MASA539/2014

Dear Dr. Stan Lipovetsky
MASA Co-Editor-in-Chief

We have corrected and completed the 2nd revisions of our manuscript,

"Asymptotic distribution of the bootstrap parameter estimator for AR(1) process" or
MASA539/2014.

We have also added the list of references by a reference of related paper published in MASA
as the Editorial Board's suggestion.

Attached herewith are :

1. Revised paper, including the files of Figure and Figure's caption.
2. Letters to two reviewers describing the changes of manuscript in detail.

We very much appreciate your efforts on our behalf, and thanking you in advance for your
kind consideration of this papaer.

Sincerelly,

Bambang Suprihatin
Univ of Sriwijaya, Indonesia

Dear Dr. Suprihatin,

Attached please find the comments from the reviewers.

Also, a member of Editorial Board mentioned that you could extend the list of references adding there some references on the papers in the related area published in MASA.

So revise please the paper and send me with the letters to the reviewers.

Best regards,

Stan Lipovetsky.

Dear Dr. Suprihatin,

Attached please find two reviews on the paper MASA539/2014.

Also, a member of the Editorial Board mentioned that it would be good to have an example of application.

So revise please the paper and send me together with letters to reviewers describing the changes in detail.

Best regards,

MASA Co-Editor-in-Chief
Dr. Stan Lipovetsky.

Subject: Submission of manuscript

Dear Dr. Stan Lipovetsky
Co-Editor-in-Chief, Journal of Model Assisted Statistics and Applications GfK Custom
Research North America Minneapolis, MN, USA

I am pleased to submit an original research article entitled "Asymptotic Distribution of The Bootstrap Parameter Estimator for AR(1) Process" for consideration to be published in the Model Assisted Statistics and Applications (MASA) Journal.

I affirm that the manuscript has been prepared in accordance with the MASA Journal guide for authors.

I have read the manuscript and I hereby affirm that the content of this manuscript or a major portion thereof has not been published in a refereed journal, and it is not being submitted fully or partially for publication elsewhere. The manuscript has been read and approved by all listed authors.

Thanking you in advance and we would appreciate if you would consider to publish our manuscript in the MASA journal.

Sincerely,

Bambang Suprihatin

Dear Dr. Stan Lipovetsky
MASA Co-Editor-in-Chief

We are very happy hearing this information that our paper is accepted to be published in MASA Journal.

Thank you very much for accepting and publishing our paper.

Attached is the final version of MASA539/2014. In the paper, we mention/indicate the locations for the table and figure. We have read the paper carefully.

Best regards

Bambang Suprihatin
