Dear Dr. Resti,

Thank you very much for submitting the following manuscript:

Manuscript ID: symmetry-2244914

Type of manuscript: Article

Title: MEDIAN-KNN-SMOTE-Tomek Links for Handling Missing and Imbalanced Data in Air Quality Data Prediction

Authors: Winoto Chandra, Bambang Suprihatin, Yulia Resti *

Received: 11 February 2023

E-mails: winoto.chandra@gmail.com, bambang@unsri.ac.id,yulia_resti@mipa.unsri.ac.id Submitted to section: Computer Science and

Symmetry/Asymmetry,

Unfortunately, we have decided that the article requires improvement before it can be considered for peer review.

Please ensure also that the manuscript has been submitted using the correct template. Guidelines, along with Word and LaTeX templates can be found on the 'Instructions for Authors' page at

<https://www.mdpi.com/journal/symmetry/instructions/>.

We would like to remind you that the journal charges article processing charges (APC) for accepted papers. Please do not resubmit your paper to this journal unless you have carefully prepared it according to the 'Instructions for Authors' of the journal and have found a source of funds to cover the APC. As Symmetry is an open access journal, after publication the full text can be accessed free of charge from the journal website.

If the editors have suggested that your manuscript should undergo English editing, please address this during revision. We suggest that you have your manuscript checked by a native English speaking colleague or use a professional English editing service. Alternatively, MDPI provides an English editing service checking grammar, spelling, punctuation and some improvement of style where necessary for an additional charge (extensive re-writing is not included), see details at <https://www.mdpi.com/authors/english>.

Please find academic editor's comments and resubmit revised manuscript at:

<https://susy.mdpi.com/user/manuscripts/resubmit/aee0bd83824bd23623f3d8e9a8aa5ac3>

We hope that you will be able to correct these issues soon and resubmit your manuscript in the near future. Please note that your manuscript will receive a new submission date after resubmission.

Dear Dr. Resti,

Sorry to bother you again.

When we invited the academic editor to pre-check the manuscript, he had the following specific suggestions:

Presentation should be improved, introduction and conclusion should be significantly extended. Review of related works published in Symmetry seems to be missing.

Please revise the manuscript accordingly and send the revised manuscript directly by email.

Thank you for your support and cooperation. Looking forward to receiving your reply.

We will now edit and finalize your paper, which will then be returned to you for your approval. Within the next couple of days, an invoice concerning the article processing charge (APC) for publication in this open access journal will be sent by email from the Editorial Office in Basel, Switzerland.

If, however, extensive English edits are required to your manuscript, we will need to return the paper requesting improvements throughout.

We encourage you to set up your profile at SciProfiles.com, MDPI's researcher network platform. Articles you publish with MDPI will be linked to your SciProfiles page, where colleagues and peers will be able to see all of your publications, citations, as well as other academic contributions.

We also invite you to contribute to Encyclopedia (<https://encyclopedia.pub>), a scholarly platform providing accurate information about the latest research results. You can adapt parts of your paper to provide valuable reference information, via Encyclopedia, for others both within the field and beyond.

Special Issue:

https://www.mdpi.com/journal/symmetry/special_issues/Machine_Learning_Data_Analysis

Please note that this is an early access version. The complete PDF, HTML, and XML versions will be available soon. Please take a moment to check that everything is correct. You can reply to this email if there is a problem. If any errors are noticed, please note that all authors must follow MDPI's policy on updating published papers, found here:

<https://www.mdpi.com/ethics#16>.

To encourage open scientific discussions and increase the visibility of published articles, MDPI recently implemented interactive commenting and recommendation functionalities on all article webpages (side bar on the right). We encourage you to forward the article link to your colleagues and peers.

We encourage you to set up your profile at www.SciProfiles.com, MDPI's researcher network platform. Articles you publish with MDPI will be linked to your SciProfiles page, where colleagues and peers will be able to see all of your publications, citations, as well as your other academic contributions. Please also feel free to send us feedback on the platform that we can improve it quickly and make it useful for scientific communities.

You can also share the paper on various social networks by clicking the links on the article webpage. Alternatively, our Editorial Office can post an announcement of your article on our Twitter channel, please send us a text of up to 200 characters with spaces. Please note that our service Scitations.net will automatically notify authors cited in your article. For further paper promotion guidelines, please refer to the following link:
