The 6ᵗʰ - SEAMS - Gadjah Mada University

International Conference on Mathematics and Its Applications
and
Workshop on Financial Mathematics and Workshop on Dynamical System in Biology
Yogyakarta - Indonesia, July 12 - 15ᵗʰ, 2011

Referee's Report

a. Title of presented full paper : Consistency of the bootstrap estimator for mean under Kolmogorov metric and its implementation on delta method

b. Field of Interested : Statistics

No	Criteria	Detailed criteria	Weight (%)	Score				Score x weight
1	Originality	The Originality of paper, for instance there is something relatively new theorem, new applications, generalization of theorem, original research paper, etc.	25	1	2	3	(4)	100
2	Relevance	The relevance of paper with respect to the development of sciences, mathematics, technology, etc.	25	1	2	3	(4)	100
3	Importance	The use or benefit of paper for the development of sciences, mathematics, technology, etc.	20	1	2	(3)	4	60
4	Language	Quality of English	10	1	2	(3)	4	30
5	Harmony	The harmony (keruntutan) of paper writing	10	1	2	3	(4)	40
6	Suitability	Suitability between title and content of paper (Kesesuaian judul dan isi paper)	10	1	2	3	(4)	40
		Total Score						370

This paper is *):

[ ] Recommended to be published in **Proceeding of SEAMS-GMU Conference 2011** without revision.

[√] Recommended to be published in **Proceeding of SEAMS-GMU Conference 2011** with revision.

[ ] Rejected

Comment **):

The required revision is only due to the following type mistakes:

(i) Page 6, first line on top: written "... skewness a the finite sample" ....
   should be "... skewness at the finite sample ..."

(ii) Page 8, 4-th line from top: written "... using S-Pus and ...".
   should be "... using S-Plus and ...".

(iii) Line 13-th from top of abstract : written "In this our paper, ...". it is better to write as follows:
   "In this paper, ..." or "In our paper, ..."

Score note: 1. Bad, 2. Not sufficient, 3. Good, 4.(Very Good)

Date : November 7-th, 2011

Dear Mr. Bambang Suprihatin

We would like to inform you that your paper entitled,

" CONSISTENCY OF THE BOOTSTRAP ESTIMATOR FOR MEAN
UNDER KOLMOGOROV METRIC
AND ITS IMPLEMENTATION ON DELTA METHOD"

is accepted to the proceeding of the *South East Asian Mathematical Society - Gadjah Mada University Conference on Mathematics and Its Applications 2011 (SEAMS-GMU Conference 2011).*

Based on the reviewer team, you need to revise your paper. Some comments of the reviewer team are attached.

Please revised your paper as template in our website http://www.seams2011.mipa.ugm.ac.id and send it before **Friday, 22nd June 2012** by email to seams2011@gmail.com and copy carbon to seams2011@ugm.ac.id.

For the proceeding, **each paper** will be charged *one hundred fifty thousand rupiahs* (IDR 150.000,00). The payment of the proceeding fee can be transferred to the following account:

Herni Utami
Bank BNI UGM
Account number: **0101083868**

We will send you the CD of proceeding after we receive your transfer notification by email.

Best regards,

Prof. Dr. Sri Wahyuni, M.S.
Editor in Chief
