Dear Mrs. Irmeilyana Irmeilyana:

Thank you for registering your paper 1570216070 ('Mixed Integer Nonlinear Programming Model of Wireless Pricing Scheme with QoS Attribute of Bandwidth and End-to-End Delay') to 2015 Progress in Applied Mathematics in Science and Engineering (PIAMSE). You still have to upload your manuscript, using either web upload or ftp.

- Via web form upload: https://edas.info/uploadPaper.php?m=1570216070

- Via ftp: You can upload the paper to ftp://ftp.edas.info/incoming, using the file name 1570216070 (You MUST use the paper number, not some other file name.) The ftp user name is "anonymous", with no password.

########## IMPORTANT ##########

1. Kindly PUT ALL YOUR PAPER AUTHORS NAME (COMPULSORY) in Author Section (In your paper ID - Set Authors section)
2. Kindly Set your EDAS Profile Name to your actual name (According to Passport/Identity Card) plus your designation (Prof/Assoc.Prof/Dr/Ir/...)

##################################

You can see all your submissions and their status at

https://edas.info/index.php?c=19651

using your EDAS user id imel_unsri@yahoo.co.id.

Once you upload your manuscript, you will receive another email confirmation. Confirmations for ftp submissions may take up to one hour since the ftp directory is swept only periodically.

1. This notification email serves as our formal acceptance of your paper as well as an invitation to present your work at PIAMSE'2015 with the following rules:
- All papers must be reformatted based on the Submit tab at the conference website.
- All must meet the requirement set up by the conference organizer from time to time.
- Failure to meet the deadline and format given by organizer will not guaranteed your paper to be published in stated publication (journal/proceedings/book chapters)

2. Please read comments from reviewers and make the necessary corrections where appropriate as suggested in the final submission. The reviewers' comments are included at the end of this notification email or can also be found at http://edas.info/showPaper.php?m=1570216070.

3. The acceptance of your paper is made with the understanding that at least one author will PRE-REGISTER with the necessary registration fee and attend the Conference to present the paper. Without payment your camera-ready paper will not be allowed to be uploaded.

4. Please be advised that in-case more than one author would like to attend, EACH author is required to pay the conference fee.

5. If your credit card does not work or produce an error, please call your bank card provider first as some bank prevented making payment in USD or to United States of America.

6. I would like to take this opportunity to thank you for choosing PIAMSE'2015 to present your research results and looking forward to seeing you in conference location.

7. Upon payment has been made (Payment Complete). Automatically the author(s) of corresponding paper will accepted and agreed to the Registration Terms and Conditions.

Registration Terms and Conditions:

A. Each paper will only cater for One Author Registration. Other authors must pay as Participant Without Papers if they want to come and access the conference session.
B. No-Show (Did not come to the conference) Participant/Presenter cannot ask for any materials to be sent to the Author UNLESS with a certain fee (Email Conference Organizer). Minimum is USD50 (Malaysia)
C. Each paper will only get One Certificate. Extra certificate can be obtained through a certain fee.
D. Authors agreed that the publication of the journals/papers/book chapters will takes 4 – 8 months from the conference date.
E. Payment will not be refunded
F. Access to the Publisher database is not provided by Organizer. Author must use their institution subscription for the access. Author has no right to ask Organizer for the copy.

All terms and conditions will be applied automatically once payment has been made.

> *** Strengths/Weakness: What are the major reasons to accept/reject the paper? [Be brief.]

Author proposed Mixed Integer Nonlinear Programming of wireless pricing model by considering linearity factors, elasticity price and price factors. The QoS attributes used are the bandwidth and the end to end delay that affect the traffic.

> *** Contribution/s & Detailed comments: What are the major issues addressed in the paper? Do you consider them important? Comment on the degree of novelty, creativity and technical depth in the paper. Please provide detailed comments that will be helpful to the TPC for assessing the paper, as well as feedback to the authors.

Technically, the paper is good. The results have been analysed in details However, the contributions is not been emphasised.

Concerns:
1. what is P,Q and R in introduction. Should state the parameter for the equation just after you used it.
2. Format can be improve. See guidelines.
3. "The comparison table of each attribute QoS for each case are explained in Table 5.". Where is table 5.
4. Font for equations and numbers are not consistence.

> *** Strengths/Weakness: What are the major reasons to accept/reject the paper? [Be brief.]

The authors present the model of the cost for the wireless sensor network. The parameter such as bandwidth and end-to-end delay analysis towards QoS attributes was discussed.

Comment on the degree of novelty, creativity and technical depth in the paper. Please provide detailed comments that will be helpful to the TPC for assessing the paper, as well as feedback to the authors.

The methodology of the study can be explained by using the flowchart. This approach will help the basic reader to understand the research methodology more clearly.

Dear Irmeilyana Ahmad

We are pleased to inform you that your paper entitle

(1570216070): Mixed Integer Nonlinear Programming Model of Wireless Pricing Scheme with QoS Attribute of Bandwidth and End-to-End Delay

has been accepted to be presented in the International Conference on Progress in Applied Mathematics in Sciences and Engineering (PIAMSE 2015) which is organized by Malaysia Technical Scientist Association (MALTESAS) together with Newcastle University. The PIAMSE 2015 will be held in Bali, Indonesia from 29 September to 01 October 2015. Every submitted paper has been strictly undergone peer-reviewed process. All of accepted and registered papers will be published in American Institute of Physics (AIP) which is indexed by SCOPUS (PROCEEDING Number (ISSN): 0094243X, 15517616). Please note that no financial support will be provided and the travelling must be at your own cost.

2.   Please pay the conference fee based on the following fee structure below (for MYR payment, please use converter such as www.xe.com to convert from USD to MYR):

Types (Per Paper)	Fee (Inclusive of GST of 6%)
Academia and Professional	USD 350
Student	USD 300
Participant Without Paper	USD 200

3.   The payment must be made through EDAS or can be bank transferred to Malaysia Technical Scientist Association representative company account as follows:

Company: NARUJAYA CONSULTANT
CIMB Account No: 8601935841
SWIFT CODE: CTBBMYKL
ADDRESS: CIMB Bank Berhad, Air Keroh Heights, 75450 Melaka
