Dear Colleague,

We are organizing The "Algerian-Turkish International days on Mathematics 2012 ATIM'2012" jointly organized by Fatih University, Istanbul, Turkey and Laboratory of Advanced Materials, Badji Mokhtar Annaba University, which will be held on 9-11 October 2012 in Annaba, Algeria.

The aim of the conference is to provide a platform for scientific expertise in mathematics to present their recent works, exchange ideas and new methods in this important area and to bring together mathematicians to improve collaboration between local and international participants. The topics of the conference are

- *Nonlinear Analysis,*
- *Functional Analysis,*
- *Differential Equations.*

- *Algebraic Coding Theory and Cryptography,*
- *Mathematical Chemistry and Environment.*

There will be 40-minute Plenary talks, 20-minute Short talks, and Poster Session. More information will be in the conference website: <http://www.univ-annaba.org/ATIM2012>.

On behalf of Scientific Committee of ATIM2012, I cordially invite you to participate this conference.

Dear IRMEILYANA ,

The "**INTERNATIONAL CONFERENCE ON APPLIED ANALYSIS AND ALGEBRA (ICAAA2012)**" will be held in **Istanbul** from **June 20th to 24th, 2012**.

The aim of this conference is to bring together mathematicians working in the new trends of applications of math in a wonderful city of the world, Istanbul.

We have invited top leading scientists in their fields to deliver talks. We are proud to share that Yildiz Technical University, University Putra Malaysia and Malaysian Mathematical Sciences Society are the main sponsors of this international conference.

sponsors of this international conference.

This is the second conference organized by our committee. The first one was held in 2011 where the participation was overwhelming (please visit old conference site " <http://www.ica11.yildiz.edu.tr> "for more info). There were about 650 applications and about 400 presentations. We believe that with the previous experience we are going to have another wonderful conference this year.

Main topics (please visit www.ica12.yildiz.edu.tr)

The abstracts will be published in the Proceedings. Also, full papers are welcome from those who presented their work. We have contacted several indexed journals (**including SCI or SCI EXP, MathScinet, etc.**) for full length papers. These papers will undergo the peer view process of the journal before it is published.

If you have any questions please let us know.

Hope to see you here in Istanbul.

Best wishes,
