Review comments (Bioactivity Endophytic Fungi Isolated from Leaf Stalk of *Syzygium jambos* L. Alston)

**Editorial comments to authors**

Begin abstract with a brief background.  
Include date (Month and Year) of plant collection  
Include the voucher number of the plant material.

Materials and Methods: Include section for statistical analysis.

The section for **Abbreviation** is not necessary. All abbreviations should be defined in-full at point(s) first mentioned.

Use recommended table format (No borders except for column headings and bottom border) for Table 2

**Poor Grammatical presentation. Please, manuscript should be submitted for English Language editing.** Please seek the assistance of an English editor for the English editing and proper formatting. Prof Shittu (olalekan.shittu@uniben.edu) or any other English editor may assist you. Send the revised copy and the certificate of English editing when submitting the revised version.

**A declaration of the liability** of the authors for claims relating to the content of this article should also be included when submitting the revised manuscript. This should be stated as follows;

**Authors' Declaration**

The authors hereby declare that the work presented in this article are original and that any liability for claims relating to the content of this article will be borne by them.

**All comments/corrections made by reviewers should be completely addressed, point by point, and make appropriate changes in the manuscript, or provide a suitable rebuttal to any specific request for change that has not been made.**

**All corrections/changes** made in the manuscript should be **highlighted in yellow colour** when submitting the manuscript in the revised **form on or before 17th June 2022**

The authors should carefully revise and correct the manuscript taking into consideration the comments of all the reviewers. **50% of the references cited should be between 2016-2020. The revised and corrected manuscript should be subjected to plagiarism checker (17% allowed in TJNPR) and English language editing. Evidence of the checks should be attached when submitting the revised/corrected manuscript.**

During submission of the revised manuscript include another file labelled "Responses to reviewers' comments" (a matrix) clearly showing your responses to each of the issues raised by the reviewers; mention the section, page and paragraph/lines where and how the changes/corrections have been made.

Strictly adhere to the author guidelines. Make sure that all the facts and information provided in the manuscript are correct. Check grammar, spelling, spacing, other information and facts including scientific names, formulae, symbols, equations, etc.

Ensure that all the references are correctly cited in the text and list. Verify all the references from their original sources. Confirm correctness of the citation info such as authors' names (surnames, initials, spelling, arrangements, etc), year, title, journal, volume, pages, punctuation, etc. The numbers and units must be presented according to the Journal style. Use clearly distinguishable patterns for the illustrations/figures (e.g., graphs and charts) such that they should be legible even for black and white printing or when reduced in size.

Proofread the whole document after effecting all the corrections. The revised version should be approved by all the co-authors before submitting it.

A manuscript not complying with these and other instructions will not be processed and may be rejected.

Please find the attached review comments for your revisions.

Best regards

Abiodun

Enkripsi standar (TLS).  
[Lihat detail keamanan](#)

Dear Author,  
Before the manuscript will be processed for galley proof, it should be submitted for English editing, as there are many Grammatical errors present.  
A certificate as proof should include when submitting the revised form

Regards
