Dear Sir/Madam

Primary Education, School of Postgraduate Study, Indonesia University of Education  
Proudly Present:

**The 4th International Conference on Elementary Education (ICEE 2021)**

Theme:

"The Direction of The Elementary Education in The Future Challenge"

Bandung, Indonesia (Virtual on Zoom), **November 27th, 2021**

A nation must provide the best education for education actors so that they are able to face challenges and we are ready to compete with other nations. The competencies that must be possessed by education actors in the 21st century are: (1) Critical Thinking and Problem Solving Skills; (2) Communication Skills; (3) Collaboration Skills; and (4) Creativity Skills and Innovation. Therefore, we intend to organize an international conference with the theme "The Direction of Elementary Education in the Future Challenge". The conference is an effort to build a better quality of education and prepare the strategies needed to face the challenges that will be faced by the scope of basic education in the future.
