Thank you for publishing with AIP Conference Proceedings. This email box is monitored periodically and will only respond to specific inquiries.

To Conference Organizers:

If you are a conference organizer sending receipt of your volume files, your files will be initial quality checked for any deficiencies. If there are any deficiencies with this preliminary check, you will be asked for updated files. If all files were submitted successfully, we will be in touch with you in a few weeks with any corrections that may be needed. Conferences are reviewed in the order they are received.

If you are requesting information regarding invoicing or payments, please contact CONFPROC@AIP.ORG

To Authors:

All inquiries regarding the status of the online publication of your paper or assistance in completing the submission of your electronic copyright form should be sent directly to your conference organizer.

Below are some frequently asked questions and responses that may assist you.

1. When will my paper publish?
 - a. Each conference will be processed for online publication once all articles have been completed for submission.
2. I want to make changes to my paper.
 - a. Papers submitted to this system are considered FINAL. No changes will be made to the paper.
3. The order of authors on my electronic copyright form/submission form is incorrect. How can I correct it?
 - a. The order of the authors as entered in the submission form and copyright license form does not need to be the same as the order in the paper. A different author order in the copyright license will not affect the order in the published paper.
 - b. What is important is that all authors on the paper be included in the license. If coauthors are not included in the form, the author will be contacted by email and asked to add the coauthor information to the system.

If any further assistance is needed, please contact the conference organizer directly.

Thank you.

Best regards,
Conference Proceedings
