Nur Alam Fajar, Zahara Syafitri, Muhammad Cholil Munadi, Esti Sri Ananingsih, Mulya Virgonita I. Winta:

We have reached a decision regarding your submission to Biomedika, "ANALISIS PERSEPSI KERENTANAN BERDASARKAN TEORI **HEALTH BELIEF MODEL** TERHADAP PEMBERIAN ASI EKSLUSIF DALAM UPAYA PENCEGAHAN **STUNTING**".

Our decision is: Revisions Required

Reviewer C:

Artikel ini memberikan perspektif mengenai pengaruh perilaku dalam pengelolaan masalah kesehatan. Namun demikian masih perlu perbaikan pada penyajian statistik dan beberapa typo tulisan masih berbahasa Indonesia di dalam tabel. Karena jurnal ini berbahasa Inggris, sehingga memungkinkan artikel ini menjangkau audiens dalam lingkup lebih luas.

Recommendation: Revisions Required
