AACL Bioflux - manuscript reception confirmation

Tudor Papuc <ptudor2008@yahoo.com>

28 April 2021 pukul 23.57

Balas Ke: Tudor Papuc <ptudor2008@yahoo.com>

Kepada: "isnainimawardi22@gmail.com" <isnainimawardi22@gmail.com>

Dear Dr. Isnaini,

This is a message of confirmation regarding the reception of your manuscript **Fish composition and distribution patterns in the seagrass ecosystem of the Lampung bay waters, Lampung Province, Indonesia**, submitted to our journal AACL Bioflux. I will soon contact you with further information regarding your manuscript.

If you can, please recommend 1 or 2 reviewers for your manuscript. It would probably go faster this way. If you cannot, there is no problem, I will search for reviewers.

Also, please sign the submission letter. You can print it, sign it, take a photo, and send it to me.

For any questions, please contact me, on this email address.

Please try to keep one message thread (respond/ask with "Reply") for an easier message management.

Also, if you sent this manuscript to any other editor (except Dr. Petrescu-Mag, at zoobiomag2004@yahoo.com), please let me know, because only 1 editor should work on your paper.

Thank you for considering our journal.

Best regards,

Tudor Papuc

Editor, Bioflux

Hello,

Your paper is preliminary accepted for publication. Please find attached the preliminary acceptance letter.

After this acceptance you should pay 250 USD for publication (open access).

As the payment and bank transfer may be time consuming you may start the process of payment right now; we will send you the invoice immediately after the payment.

Please let us know when the payment is done (scanned receipt) in order to start the publishing process.

In case the peer-reviews suggest rejection (they will not, 1 is positive, and the second will arrive soon), we will return the payment. The payment will not be returned in case of withdrawal request by authors or simply lack of feedback.

Please note that the Publishing House Policy does not allow to start the manuscript editing prior payment.

Here are the info for payment;

take care to write correct the details:

Beneficiary: Bioflux SRL

City: Cluj-Napoca

Country: Romania, European Union

SWIFT CODE of the bank: BTRLRO22

Account USD: RO68BTRL01302202L28614XX

Bank: BANCA TRANSILVANIA

Important! When bank transfer is used to pay a publication fee, please pay attention to which modality of payment you chose! There are three options: Ben, Our, Us.

Use always "Us" option (meaning that all the bank transfer costs are in your concern/ authors support them and not the publisher). If you forgot to mention that and you let the bank to set "Ben" or "Our" options, we receive about 230 usd instead of 250 usd. Such payments are not valid and you need to pay again for the rest of the sum and one more transfer charge. This situation is not desirable.

There is a second method of payment, by Paypal, with credit card. Please let me know if you choose this method and I will redirect you to our colleague which is in charge of this procedure.

Let me know if you need more details.

Thank you for publishing with us!

Best regards,

Tudor Papuc

Editor, Bioflux SRL

Hello, and sorry for the long wait. I have good news. We can publish the paper in April.

I am back with the paper with comments. What you need to do is this:

1. Read all the paper carefully, because the English was corrected and the text was formatted.
2. Read carefully all the comments first (before starting the corrections, because some comments might relate to each other) and try to correct as best as you can. **Please work on this version of the manuscript. Please mark your changes (highlight with yellow, or use track changes; you can also leave the comments), so I can check them.** If you cannot correct, do not wish to do so, or have your own explanations, please write the reason as a reply to the comment or as a new comment.
3. If you have anything to add/change to the text not based on comments, please do so, but mark the changes like in point 2.
4. Try to respect the formatting when making changes.
5. After you make the corrections, please check again, to make sure everything is in order.
6. Send me back the corrected version of the manuscript in maximum 3 weeks, but sooner would be better.

I will check it, give it a final form, and send you the final version for a last check before publication.

Thank you,

[Kutipan teks disembunyikan]
