18 November 2023 pukul 18.10

Dear fitra Gustiar,

After reviewing your submission, Response of Lettuce Varieties (*Lactuca sativa* L.) in Lowlands with Various Artificial Shade Levels, the reviewers have recommended that your submission cannot be accepted for publication in its current form. However, we would like to encourage you to submit a revised version that addresses the reviewers' comments. Your revisions will be reviewed by an editor and may be sent out for another round of peer review.

Please note that resubmitting your work does not guarantee that it will be accepted.

The reviewers' comments are included at the bottom of this email. Please respond to each point and identify what changes you have made. If you find any of the reviewer's comments inappropriate, please explain your perspective. If you have questions about the recommendations in your review, please include these in your response.

When you have completed your revisions, you can upload revised documents along with your response to the reviewers' comments [at your submission dashboard](#). If you have been logged out, you can login again with the username fitrag_02.

If you have any questions, please contact me from your [submission dashboard](#).

We look forward to receiving your revised submission.

Kind regards,

Tri Sulistyati Widyaningsih
