Abstract: Foamed concrete is classified into lightweight concrete having a density range of 300-1.800 kg/m³. Foamed concrete is made by adding air bubbles into the concrete. The air bubbles can make affects decrease strength of concrete. To increase compressive strength and flexural strength can be added by pineapple fiber and polypropylene fiber that have high tensile strength. Percentage of pineapple fiber and polypropylene fiber used 0%, 0.2%, 0.4% of weight volume and with a pineapple fiber length 10 mm, 20 mm, 30 mm and 12 mm for polypropylene fibers. The highest compressive strength was obtained in the mixture with a percentage of 0.4% fiber polypropylene fiber with a 12 mm fiber length of 8.38 MPa. The lowest compressive strength is obtained in a mixture of 0% fiber. The highest flexural strength is obtained in the mixture with a percentage of 0.4% fiber of polypropylene fiber with a 12 mm fiber length of 3.23 MPa. The lowest flexural strength is obtained in the mixture of 0% fiber. The result of this research showed that there was an increase of compressive strength and flexural strength of foamed concrete with added by pineapple fibers and polypropylene fibers.

Dear Authors,

We are pleased to inform you that your paper submitted to the SENTEN 2018, titled

Mechanical Properties of Foamed Concrete with Additional Pineapple Fiber and Polypropylene Fiber

has been accepted as a full paper.

We have included the reviewers' feedback at the end of this message.
(AUTHOR COMMENTS section)

Please complete your registration by making the full payment for symposium fee through the bank account:

Bank Name: BPD SumselBabel
Account Number: 140.610.2031,
Bank Acc. Holder Name: PT. Bintang Focus Communication

as follows:

a) researcher/lecture/general presenter : 3,500,000 IDR

b) student (master, doctoral with student card) :2,500,000 IDR

For the identification purpose please add the ID submission at the last digit of the full payment, for example:

ID submission: 010 hence the full payment is 2,500,010 IDR or 3,500,010 IDR

Please submit your final paper through senten.org before June 28, 2018.

We are looking forward to welcoming you in Palembang. In the meantime, if you have any question, please feel free to contact us.

Thank you very much for your contributions to SENTEN 2018.

Yours Sincerely,
Organizing committee
