### Janus face of sepsis: a viewpoint

(<https://www.explorationpub.com/Journals/ei/Article/100351>)

Treatment of sepsis currently relies on eliminating the causal pathogen and supportive care, whereas almost no approaches to interfere with the defining event of a “dysregulated host response” are available. This review points [...] [Read more. \(JavaScript:;\)](#)

### Therapeutic and prophylactic applications of self-replicating RNA viruses

(<https://www.explorationpub.com/Journals/ei/Article/100350>)

Self-replicating RNA viruses have been commonly used for preventive and therapeutic interventions in the fields of infectious diseases and cancers. Both RNA viruses with single-stranded RNA genomes
