Dear Dr.

Greetings from the Editorial Board of JESTEC.

The following attached manuscript titled

OPTIMAL SIZING OF STANDALONE PV/WIND/DIESEL GENERATOR/BATTERY HYBRID ENERGY SYSTEM USING PSO OPTIMIZATION TECHNIQUE

has been submitted to JESTEC for consideration for publication, and I am writing to request that you, as an expert in its topic area, review it and make a recommendation regarding its acceptability.

I hope that you will agree to review this manuscript, in which case you will have [4 weeks](#) to complete the review.

If you would like to have more than 4 weeks to complete the review, could you please indicate the time frame within which you expect to return the review report.

I appreciate your contribution in maintaining the quality and value of JESTEC, and look forward to your response.

Best regards

### Some quick guidelines to our respected reviewers

We would appreciate if you take note that whenever appropriate, papers are evaluated on the basis of the following seven criteria. Please try not to focus on the editorial issues/mistakes as too many of them may lead to the author's frustration. We want the authors, when we revise their paper, to focus on our comments/concern related to the seven above-mentioned criteria.

1. **Research question:** why the authors do this research and what is its importance and application.
2. **Novelty:** a paper gives new ideas, derivations, applications that has been not studied before or little- or not in depth-studied.

3. **Literature review**: to identify the research gap with recent references from 2010 onwards.
4. **Research methodology**: analytical, numerical or experimental or mixed. What is the contribution of the authors, assumptions and/or approximations used, description of apparatus and its limitations, steps of experiments, etc.
5. **Quality of results**: and the depth and logic of the discussion.
6. **Insight** conveyed and recommendations that might be used by others for future work.
7. **English**: used effectively to communicate the ideas and easy to understand with least or no grammatical error or typos.
