Dear Author(s),

Your camera ready paper titled "A Novel Approach: Tokenization Framework based on Sentence Structure in Indonesian Language" was sent to the publication team for final review and processing and there are some shortfalls noticed in your camera ready submission:

- All the equations are not as per the paper format. Equations must be typed into the document rather than pasted as an image.

Kindly make the suggested corrections **in the attached file only** and submit a revised version of your paper on or before 23 February 2023 to be considered in IJACSA February 2023.

Looking forward to your response.

Editor
