Advances in Human Biology <editor@aihbonline.com>  
Kepada: ziske\_maritska@unsri.ac.id

14 Januari 2022 pukul 18.50

Dear Dr Dr. Ziske Maritska,

Advances in Human Biology has received your manuscript entitled "DRD2 Gene -141C Ins/Del Polymorphism Among Schizophrenia Patients: The First Investigation in Palembang, Indonesia" for consideration for publication. The reference number for this manuscript is "aihb\_7\_22". Kindly quote this in future correspondences related to this manuscript.

The manuscript is being reviewed for possible publication with the understanding that it is being submitted to ONE journal at a time and has NOT been published, simultaneously submitted, or already accepted for publication elsewhere either as a whole or in a part.

Online submission of this article implies that the corresponding author has written consent from all the contributors to act as the corresponding author.

All contributors are requested to send the **Digital Copyright Agreement Consent** within 1 week. The status can be viewed in the 'Manuscript Information page' from your area. The decision about the manuscript will be conveyed only on receipt of the agreement on copyright form received from all contributors.

High-resolution images are required at the time of acceptance, you should be notified separately for the same if images uploaded by you are not of printable quality.

The Editors will review the submitted manuscript initially. If found suitable, it will follow a double-blinded peer review. We aim to finish this review process within a short time frame, at the end of which a decision on the suitability or otherwise of the manuscript will be conveyed to you via this system.

During this process, you are free to check the progress of the manuscript through various phases from our online manuscript processing site <https://review.jow.medknow.com/aihb>.

We thank you for submitting your valuable work to the Advances in Human Biology.

Yours sincerely,

Editorial Team

# COPYRIGHT TERMS AND CONDITIONS

**Contributors' form** *(to be modified as applicable and one signed copy attached with the manuscript)*

**Manuscript Title: DRD2 Gene -141C Ins/Del Polymorphism Among Schizophrenia Patients: The First Investigation in Palembang, Indonesia**

We certify that we have participated sufficiently in the intellectual content, conception, and design of this work or the analysis and interpretation of the data (when applicable), as well as the writing of the manuscript, to take public responsibility for it and have agreed to have our name listed as a contributor. We believe the manuscript represents valid work. Neither this manuscript nor one with substantially similar content under our authorship has been published or is being considered for publication elsewhere, except as described in the covering letter. We certify that all the data collected during the study is presented in this manuscript and no data from the study has been or will be published separately. We attest that, if requested by the editors, we will provide the data/information or will cooperate fully in obtaining and providing the data/information on which the manuscript is based, for examination by the editors or their assignees. Financial interests, direct or indirect, that exist or may be perceived to exist for individual contributors in connection with the content of this paper have been disclosed in the cover letter. Sources of outside support of the project are named in the cover letter.

We hereby transfer(s), assign(s), or otherwise convey(s) all copyright ownership, including any and all rights incidental thereto, exclusively to this journal, in the event that such work is published by the journal. The journal shall own the work, including 1) copyright; 2) the right to grant permission to republish the article in whole or in part, with or without fee; 3) the right to produce preprints or reprints and translate into languages other than English for sale or free distribution; and 4) the right to republish the work in a collection of articles in any other mechanical or electronic format.

We give the rights to the corresponding author to make necessary changes as per the request of the journal, do the rest of the correspondence on our behalf and she will act as the guarantor for the manuscript on our behalf.

All persons who have made substantial contributions to the work reported in the manuscript, but who are not contributors, are named in the Acknowledgment and have given us their written permission to be named. If we do not include an Acknowledgment that means we have not received substantial contributions from non-contributors and no contributor has been omitted.
