Paper title *Identification of Regional Dialects Using Mel Frequency Cepstral Coefficients (MFCCs) and Neural Network* [🔗](#)

Conference and track 2018 International Seminar on Application for Technology of Information and Communication - 2018 International Seminar on Application for Technology of Information and Communication

Conference and track 2018 International Seminar on Application for Technology of Information and Communication - 2018 International Seminar on Application for Technology of Information and Communication

Abstract [🔗](#) Dialects have an influence on the intonation and the pronunciation of a syllable. Therefore, it...

Keywords Backpropagation; Javanese dialect; Bataknese dialect; Minang dialect; MFCC; Neural Network Only the chairs can edit

Topics *Electrical and Electronic Technology: Energy, Power Generation and Distribution, Power Line Communication, Electric Motor and Drives, Power Electronics, System Identification and Control, Robotics, Cybernetics, Engineering, Manufacturing and Control Image, Speech and Signal Processing, Bio-informatics and Bio-Medical Engineering Control Systems and Embedded System Circuits, Sensors and Devices, Communication Systems, Mobile/Ad hoc wireless networks, mobicast, sensor placement, target tracking, Manufacturing Automation, Process, Manufacturing & Control. Computer Science and Information Technology: Artificial Intelligence, Hybrid Intelligent Systems, Knowledge Discovery and Data Mining, Soft Computing and Hybrid Soft Computing, e-Science and e-Systems, Virtual Reality, Visualization and Computer Games, Parallel and Distributed Architectures and Systems, Performance Engineering of Computer & Communication Systems, Design and Digital Media (Animation, Game and Multimedia, IOT (Internet of Things), Data Analytics and Big Data, Internet Modelling, Semantic Web and Ontologies, Multimedia Technology, Mobile Computing, Parallel/ Distributed Computing, Computer Vision, Data Compression, Data Encryption, Database Systems.* [🔗](#)

Similarity On Jul 23, 2018 12:06 America/New_York, ihtenticate computed a similarity score of 15 for the review manuscript.

IEEE Electronic Publication Agreement Receipt

Publication Title: 2018 International Seminar on Application for Technology of Information and Communication
Article Title: **Identification of Regional Dialects Using Mel Frequency Cepstral Coefficients (MFCCs) and Neural Network**
Author(s): Ms. Ayu Mawadda Warohma, Ms. Puspa Kurniasari, Ms. Suci Dwijayanti, Mr. Bhakti Yudho Suprpto and Mr. Irmawan Irmawan
Author E-mail: 03041681419033@student.unsri.ac.id, puspakurniasari@gmail.com, suci.dwijayanti@okstate.edu, bhakti@ft.unsri.ac.id, irmawan@unsri.ac.id

Dear Colleague

Congratulations! You have successfully completed the IEEE Electronic Publication Agreement. A copy of the fully executed Agreement is attached here for your records. Please save this e-mail for any future reference.
