Dear Dr. Sahim:

We are pleased to inform you that your paper entitled "EXPERIMENTAL STUDY OF CONVECTIVE HEAT TRANSFER OF ALUMINA OXIDE NANOFLUIDS IN TRIANGLE CHANNEL WITH UNIFORM HEAT FLUX" has been published in *Frontiers in Heat and Mass Transfer (FHMT)*. The published paper can be accessed online at:

<http://dx.doi.org/10.5098/hmt.16.22>

Thank you for your contribution to *Frontiers in Heat and Mass Transfer (FHMT)* and we are looking forward to receiving your future submissions.

Your submission "EXPERIMENTAL STUDY OF CONVECTIVE HEAT TRANSFER OF ALUMINA OXIDE NANOFLUIDS IN TRIANGLE CHANNEL WITH UNIFORM HEAT FLUX" for *Frontiers in Heat and Mass Transfer (FHMT)* has been accepted for publication, and it is now necessary to format the submission according to our formatting guidelines:

1. Delete the superscript a after authors' name and before your affiliation because all authors are from the same institution.
2. There must be a space after any punctuation
3. When a paper is cited in the text, only the last names of authors are necessary and the initials should be deleted.
4. Remove the large blank space at the bottom of Page 3 and 4
5. Please see No. 9 of the [checklist](#) and any of our published papers for the correct format of References:
  - a. Do not use hanging for the first line
  - b. Type authors' last name first, followed by their initials
  - c. DOIs must be hyperlinked
  - d. Leave a line space between the DOI and the next reference.
  - e. The two columns on the last page are the same heights.

Review our Formatting specifications for the final revision here: [http://thermalfluidscentral.org/journals/index.php/Heat\\_Mass\\_Transfer/about/submissions](http://thermalfluidscentral.org/journals/index.php/Heat_Mass_Transfer/about/submissions)

Once you have completed the formatting for your paper please follow these steps to submit it:

1. Visit your article submission page (URL below).
2. Log into the journal and click on editing.
3. Find the copyediting section and upload your final revision.
4. Click on Review METADATA to check indexing information for completeness and accuracy. All authors' information and order must match the manuscript.
5. Pay the mandatory Article Processing Charge (APC).

Dear Dr. Sahim:

We have reached a decision regarding your submission to *Frontiers in Heat and Mass Transfer (FHMT)*, "EXPERIMENTAL STUDY OF CONVECTIVE HEAT TRANSFER OF ALUMINA OXIDE NANOFUIDS IN TRIANGLE CHANNEL WITH UNIFORM HEAT FLUX".

Our decision is to: Require Revision

Please revise the paper as suggested by the journal reviewers and editor (see below). Then upload your revision and a rebuttal within two weeks. The rebuttal is mandatory and will contain information on any changes you did not make, as recommended by the reviewers and editor, and why you decided to not make the changes. After submitting your revision and rebuttal the editor will be automatically notified of your resubmission.

To view reviewer and editor comments:

1. Log in to the website
2. Click on your submission
3. Click on "Review" at the top of the page
4. Review the uploaded files in the "Peer Review" section.

Please be reminded that a flat article processing charge (APC) will be due upon acceptance of the paper after peer-review, regardless of the length of the paper.

We look forward to your resubmission.

Yuwen Zhang  
Co-Editor-in-Chief

Comments From Reviewer A:

See attached.

Comments from Editor:

Please revise your paper based on the comments from the reviewer and make sure that your paper is formatted by following the [template](#). The [checklist](#) should also be exactly followed. Please also refer to our other published paper for the correct format.

Please add some references from papers published in FHMT in 2019-2020.
