Siconian2019-review

Actions	Originality	Quality	Relevance	Presentation
completed	A little variations on a well-known research area 1	The quality of the paper is poor. Major revisions are needed 1	The paper is quite relevant with the scope of the conference 2	The paper is written in poor English 1

Detailed Comments

- Some grammatical errors are found.
- Paper is not well-prepared
- Figures are too small
- Fortunately, the authors fully understand issue
- The problem is stated and clear

completed	A little variations on a well-known research area 1	The quality of the paper is very poor and hard to accept	The paper has minor relationships with the scope of the conference 1	The paper is written in poor English 1
-----------	--	--	---	---

Detailed Comments

1. Research Issues ??
2. There is still Indonesian writing
3. Add references from the journal
