- Reviewer comments:

A. <u>Accepted</u>	<u>Comments of abstract :</u> - Of course all paper based on a study. So you can revise the title and omit the word "study". - The title should mention the clear location of the study, as some people, even Indonesian, will ask; "Where is Muara Enim? In South Sumatera or else?" - Clarified the research methods. - Clarified the research findings.
B. <u>Revised</u>	<u>Comments to a full paper :</u> - Please develop to a full paper in a good, readable English language. - The revised abstract should be submitted with the full paper.
