Letter of Acceptance of Paper for the Bali 2010 **International** Geosciences
Conference & Exposition

Paper Title : Interferometric Synthetic Aperture Radar (InSAR) Measurement
and Its Inversion for Monitoring Steam Assisted Gravity Drainage (SAGD)
Process.

Assigned No. : IGCE10-OS-92

Accepted For : Oral Presentation & Publication in Proceedings Volume **and** CD

We are pleased to inform you, based on the technical merit **and** subject matter of the abstract you submitted, that your proposed paper has been accepted for oral presentation at the Bali 2010 **International** Geosciences **Conference and Exposition**. The convention will be held at the Bali **International** Convention Center, 19-22 July 2010.

In order to present your paper at the meeting in July, you will be required to prepare a manuscript for publication in the Proceedings Volume **and** Proceedings CD-ROM. We prefer an extended abstract technical paper to supplement the large body of reference material already available in previous HAGI publications. The deadline for manuscript completion **and** submission to the committee will be 19 June 2010. The extended abstract should be written in English (Mandatory).

We would appreciate your immediate response, confirming that you intend to prepare a manuscript **and** present your paper at the 2010 Convention. To respond, please simply photocopy this letter, complete **and** sign below where appropriate, **and** fax back or email to the HAGI Secretariat, 28 May 2010 at the latest.

Upon confirmation that your paper will be presented, we will forward you specific guidelines for preparing your paper **and** presentation. Thank you for your participation in the Bali 2010 **International** Geosciences **Conference & Exposition**.

Please note that the Committee would not provide any kind of sponsorship for you to attend **and** present you paper at the **Conference**.

Sincerely,

Bob Wikan H. Adibrata
Chairman, Technical Program Committee 2010
