Elsa Fitria Apriani, Mikusanti, Novela Fransiska.

We have reached a decision regarding your submission to Indonesian Journal of Pharmacy, "FORMULATION AND OPTIMIZATION PEEL-OFF GEL MASK WITH POLYVINYL ALCOHOL AND GELATIN BASED USING FACTORIAL DESIGN FROM BANANA PEEL FLOUR (Musa paradisiaca L) AS ANTIOXIDANT ". After we send your manuscript review, our decision is Revisions Required. Please revise the result of reviewer comment below and attach

1. Introduction should give a gap analysis. Research novelty needs to be described more strongly. Why is your research so important to do?
2. Materials are written along with the name of the Manufacturer (that produces) and or the place where the material is obtained
3. Still using single space, the margin need to be adjusted
4. Reference format is not in APA (American Psychological Association) style
5. Appropriateness of abstract : It has briefly covered Intro/Issues, Objective, Method, Results and Conclusion It would be better if the abstract also covered Policy Suggestion/Implication (What's Next?)
6. Appropriateness of keywords ; Factorial Method can be included as a keyword
7. Description of the problem and solution offered ; There is no description about the problems in the manuscript. You should describe the gap analysis between your study and the similar previous study And it is also important to explain why is your study so important to do?
8. Discussion and interpretation of results; It is necessary to add more detailed explanation that supports the results of the study in the discussion section
9. The conclusion should cover Introduction, Materials and method Main Results which are written concise, detailed and clear. In addition, it can also include Recommendation or Future work The conclusion in the manuscript only includes the results of the study, please add more.

Hopely you could send your revision manuscript soon
