

## KORSPONDENSI HAMDI AKHSAN DENGAN JPPPF UNTUK ARTIKEL

### Newtonian Yoyo (Lato-Lato) Phenomenon in Indonesia: An Innovative Resource for IGCSE Physics Teaching and Learning?

The screenshot shows a web browser window displaying the submission page for the journal "Jurnal Penelitian & Pengembangan Pendidikan Fisika". The page is titled "Submissions" and has a navigation bar with "My Queue" and "Archives" tabs. The "Archives" tab is active, showing a list of "Archived Submissions".

The submission details are as follows:

Submission ID	Author(s)	Status	Documents
32926	Hamdi Akhsan, Guruh Sukarno Putra, Melly Ariska	Published	1

Below the submission details, there is a table showing production and discussion statistics:

1	Production galleys created
0	Open discussions

A "View Submission" button is located at the bottom right of the submission details. The page also includes a search bar, a "New Submission" button, and a "Help" icon. The bottom of the page shows the Windows taskbar with the date and time as 11:02 on 10/06/2024.

Dear Presenter,  
"Newtonian Yoyo (Lato-Lato) Phenomenon in Indonesia: An Innovative Resource for IGCSE Physics Teaching and Learning?"

Looking at the submission status data in the OJS JPPPF system, we need to convey the following things:

1. All submissions in JPPPF must follow the selingkung style, especially the manuscript format, please refer to <http://journal.unj.ac.id/unj/index.php/jpppf/manuscripttemplate>
2. Starting in 2018 Number 2, JPPPF is already in full English, please attach two full language versions of the paper when making new submissions, or send all corrections via reply to this email. **Ignore this point if the submission is already in English.**
3. All new submissions starting July 1 2019 will be subject to a publication fee (APCs) of IDR **1,500,000.00** which is payable **if the status is accepted**. Please confirm your willingness to pay these APCs by replying to this email.
4. Make sure the results discuss the media or physics concepts in detail. The purpose of the discussion is to increase mastery of physics concepts.

That is the information we can convey, please confirm the 3 things above by replying to this message.

Hamdi Akhsan, Guruh Sukarno Putra, Melly Ariska:

We have reached a decision regarding your submission to the Physics Education Research & Development Journal, "The Newtonian Yoyo (Lato-Lato) Phenomenon in Indonesia: An Innovative Resource for IGCSE Physics Teaching and Learning?".

1. Our decision is: Revision Required
2. Please revise your paper and fill out the author response form. Make sure you write details of the revised version of your manuscript in the author's response, so that the editor can make a decision about whether your manuscript passes to the second round of review or is accepted.
3. Attach your **revised manuscript** and the **author's response** to the OJS system in the revision section
4. Please send us your revisions within the next 2 days, so you can be in line for the June issue. If you submit your revisions late, you'll be in line for the next edition.
