

Dear Distinguished Delegate,

World Academy of Science, Engineering and Technology Conference is an international scientific forum of distinguished scholars engaged in scientific, engineering and technological research, dedicated to the furtherance of science, engineering and technology. The academic research conference since its inception is at the cutting edge of international nonprofit scientific, engineering and technological progress to promoting excellence in science.

The conference plays an influential role in science and promotes developments in science, engineering and technology in a wide range of ways. The conference aims to foster research in the area of science and technology and its impact to mainstream human activities. Specifically, it serves as a venue for discussion and exchange of ideas on current issues in science and technology.

All full paper submissions to the conference are peer reviewed & refereed and evaluated based on originality, research content, and correctness, relevance to contributions, and readability. In this context, the full paper submissions are chosen based on technical merit, interest, applicability, and how well they fit a coherent and balanced technical program. The accepted full papers after rigorous peer reviewing process have been published in the refereed international conference proceedings.

INTERNATIONAL SCIENTIFIC COMMITTEE
