public library, LCS, reading, TBM

### **Abstract**

The need for community reading interest to be dug and developed. By reading people can know and understand many things. It is through the institution or community or even individual reading interests should be noted and supported or motivated. This paper aims to describe the condition and problems of Park of Community Reading (TBM) in the city of Palembang. The public library is a place to accommodate and meet the needs of people to read. The public library provided to foster and channel the interest in reading. The goal is that society becomes a society like of reading (learning society). The study is a qualitative analysis of the facts on the field using interview, observation, and documentation. The existing problems in the public library are reading park grows through the PKBM (Learning Centre Society) / LCS and the LCS program. One of PKBM program is Early Childhood Education. Reading activity is doing a function of good leisure time activities of the mothers who wait for their children when learning in early childhood. As conclusion is TBM / Park of Community Reading are not growing and developing in accordance with the primary objective.
