Dear Dr Fauziyah,

I am pleased to inform that your paper has been published online in *Ecologica Montenegrina*. Here is the [link](#)

To give your scientific article the best chances of being read and cited, it rests mainly with you to promote it through a variety of channels, as suggested below:

- 1) Send an email message to your network of colleagues, giving a summary of the article, the electronic reprint in pdf format.
- 2) Include the citation of your article, especially if it is a literature review, in a Wikipedia article.
- 3) Cite your own article yourself in other articles you publish or co-publish in other journals with impact factors.
