Dear stiawan,

I am pleased to tell you that your work has now been accepted for publication in Journal of Applied Security Research.

It was accepted on May 15, 2022

Comments from the Editor and Reviewers can be found below.

Taylor & Francis strives to be compliant with the open access (OA) policies of the major national and international funding bodies. Information about funder compliance and OA policies can be found on our Author Services website. Details of our Green OA policy, including deposit in institutional and subject repositories, can be found on the Sharing your work page. We recommend that you retain your Accepted Manuscript for this purpose.

For more information regarding the versions of your article that can be used to meet Green OA requirements, and the embargo period that applies, please see the open access journal finder page

Dear stiawan,

Reviewers have now commented on your paper. I am pleased say that I would like to accept your manuscript subject to you making some very minor revisions. If you are prepared to undertake the work required, I would be pleased to publish your paper in Journal of Applied Security Research.

For your guidance, reviewers' comments are appended below.

If you decide to revise the work, please submit a list of changes or a rebuttal against each point which is being raised when you submit the revised manuscript.

Your revision is due by Jun 03, 2022.

In accordance with our format-free submission policy, an editable version of the article must be supplied at the revision stage. Please submit your revised manuscript files in an editable file format.
