Regards,

I have submitted manuscript at Journal of Fuel Cell Science and Technology (FC-13-1017) on 25 February and editor allow me to communicate with you. If you be willing, I would like to get information about the progress of my manuscript, This paper (if accepted) is needed as a condition for graduation on my PhD program.

Thank You for your attention.

Sincerely,

Dedi Rohendi

Dear Dedi Rohendi,

The final manuscript files you submitted for FC-13-1017 have been approved for publication and will be entered into production.

Sincerely,
Nigel M. Sammes
Editor, Journal of Fuel Cell Science and Technology

Dear Dedi Rohendi,

Review has been completed on your paper, FC-13-1017 (Research Paper), Effect of PTFE content and sintering temperature on the properties of a fuel cell electrode backing layer.

Based on the comments received, the evaluation returned, and the recommendation of the Associate Editor, I am pleased to inform you that your paper has been accepted for publication in the Journal of Fuel Cell Science and Technology. The detailed comments of the reviewers are available for your further consideration. Please log in to the web site to review the suggested changes.

Your Final Manuscript is due on 02/12/2014.

Please proceed to submit your final paper to the site for my approval. Please be certain to follow the Author Guidelines and submit the transfer of copyright form, mandatory for publication. Also, if you wish to have any of your figures reproduced in color for the print version of the journal, please review the Publication Charges under Author Resources.

Sincerely,
Nigel M. Sammes
Editor, Journal of Fuel Cell Science and Technology

Journal of Fuel Cell Science and Technology Published by ASME

Dear Author,

Congratulations on having your paper accepted for publication in the ASME Journal Program.

Your page proof is available in PDF format from the ASME Proof Download & Corrections site here:

<http://115.111.50.156/jw/AuthorProofLogin.aspx?pwd=615fbf39a074>

Login: your e-mail address

Password: 615fbf39a074

Please keep this email in case you need to refer back to it in the future.

You will need Adobe Acrobat Reader software to view the file. This is free software and a download link is provided when you log in to view your proofs.

Responsibility of detecting errors rests with the author. Please review the page proofs carefully and:

- 1) Answer any queries on the first page "Author Query Form"
- 2) Proofread any tables and equations carefully
- 3) Check to see that any special characters have translated correctly

RETURNING CORRECTIONS:

To return corrections, please use the ASME Proof Download & Corrections Submission Site (link above) and provide either:

1. Annotated PDF
2. Text entry of corrections, with line numbers, in the text box provided

Additional files, as necessary, can also be uploaded through the site.

SPECIAL NOTES:

Your Login and Password are valid for a limited time. Please reply within 48 hours. Your prompt attention to and return of page proofs will speed the publication of your work.

For all correspondence, please include your article no. (FC-13-1017) in the subject line.

This e-proof is to be used only for the purpose of returning corrections to the publisher.

If you have any questions, please contact: asme.cenveo@cenveo.com.

Sincerely,

Mary O'Brien, Journal Production Manager
