IJSAM Journal <ijsam.journal@gmail.com> to me Thu, Apr 29, 2021, 11:33 PM

Dear Author,

**IJSAM 4(2) PAPER 2:** In response doc received for our proof stage, for Queries 9 to 12 it is marked to delete. We need clarification about this as there are large number of references listed with these queries and if we delete the references in question with its citations in text (some places we may have to delete the complete sentence as the citation reads through the text), which leads to short of one page in this article and all subsequent articles page numbers to be renumbered. Please find attached pdf of this article with our concerns and the earlier query response file for ready reference.
