Title and Abstract

Title: KONSEP EKONOMI KERAKYATAN PADA PILIHAN KEBIJAKAN MONOPOLI ATAU DEMONOPOLISASI BUMN INDONESIA

Abstract: Abstrak

Kebijakan monopoli terhadap kegiatan usaha yang dilakukan BUMN seperti yang diamanahkan oleh konstitusi dan peraturan perundang-undangan Indonesia dilandasi dengan tujuan untuk menyejahterakan rakyat Indonesia secara adil dan merata. Sedangkan kebijakan demonopolisasi terhadap BUMN dilakukan oleh pemerintah atas dasar tuntutan globalisasi demi menciptakan kondisi pasar persaingan sempurna, efisiensi serta efektifitas dalam pengelolaan korporasi. Pilihan antara monopoli atau demonopolisasi terhadap BUMN merupakan kebijakan yang harus dapat diputuskan oleh pemerintah. Atas dasar untuk mencari konsep dan solusi kebijakan mengenai penyeimbang antara aspek tuntutan globalisasi dan kedaulatan negara maka dilakukanlah kajian tersebut dengan menggunakan metode penelitian yuridis normatif. Hasil penelitian berupa strategi antisipasi yang dapat dipertimbangkan oleh pemerintah dalam menentukan kebijakan yang merupakan gagasan pemikiran kebaruan dengan mengutamakan prinsip-prinsip perekonomian kerakyatan yang sesuai dengan Konstitusi Republik Indonesia. Penentuan pilihan untuk menetapkan suatu BUMN dapat menjalankan usaha secara monopoli atau justru menerapkan kebijakan demonopolisasi harus mampu diputuskan dengan dasar pertimbangan yang kuat. Hal terpenting adalah memastikan bahwa sistem ekonomi kerakyatan harus mampu diterapkan dalam pelaksanaan kinerja BUMN baik yang melakukan kegiatan usaha secara monopoli maupun demonopolisasi.

Abstract

The monopoly policy on business activities carried out by State Owned Enterprises (SOEs) as mandated by the Indonesian constitution and regulations, is based on the aim of prospering the people of Indonesia in a just and equitable manner. While the policy of demonopolization of SOEs is carried out by the government based on the demands of globalization in order to create market conditions of fair competition, efficiency and effectiveness in managing the corporation. The choice between monopoly or demonopolization of SOEs is a policy that should be decided by the government. This articles focus on finding policy solutions regarding balancing between the aspects of the demands of globalization and state sovereignty. The study was conducted using desk research (yuridis normative) methods. The results of the research are anticipatory strategies that can be considered by the government in determining policies that are ideas of novelty thinking by prioritizing the principles of popular economy in accordance with the Indonesian Constitution. Determination of the choice to establish an SOEs can run a business monopoly or even implement a policy of demonopolization must be able to be decided on careful and hard consideration. The most important thing is to ensure that the populist economic system must be able to be implemented in the performance of SOEs that conduct monopoly and demonopolization business activities.
