Thank you for your manuscript submission. The manuscript has been assigned manuscript number, IJCS_2020_11_02a, of title [Bi-Path Architecture of Convolution Neural Network (CNN) Segmentation and Classification Method for Cervical Cancer Disorders Based on Pap Smear Images].

You need to check the publication ethics and publication malpractice statement available at http://www.iaeng.org/IJCS/doc/publication_ethics.html

The average review time is three months. Suppose you has not got the review result by three months after getting the acknowledgement email, you are welcome to make the paper status enquiry with the manuscript number, IJCS_2020_11_02a.

The manuscript will be sent to our reviewer in the related field. During the reviewing process, if the reviewer decides that the manuscript should be accepted with major revision or rejected, we will usually arrange another reviewer for reviewing the manuscript to check if the reviewing results are consistent.

We will contact you again once we have received the reviews. The average acceptance rate of the regular research papers in our journal is less than 10%. This reviewing process is to ensure the quality of the accepted papers in our journal, and we are looking forward to your understanding.

Dear Joan Mok

Thank you for the results of the manuscript review that we submitted in the IJCS journal with major revision status.

We have discussed and made improvements to manuscripts with Prof. Saparudin (attached to the list of changes and manuscript revisions). We also discussed the results of the improvement with Prof. Gazali Bin Sulong, an image expert from the University of Malaysia (UTM) as an external examiner in the Ph.D. Program.

We believe that this manuscript publication will be cited by many other researchers.

best regards,

Erwin
