Dear Editor,

I would like to submit my article entitled "**Identification of the Oxa-48 Gene Coding For Carbapenem Resistance in Klebsiellapneumoniae and Escherichia Coli at Dr. Muhammad Hoesin Central General Hospital, Palembang**" to The Annals of Mechnikov Institute (AMI) . I declare that my article is original and novelty, and it is not under consideration for publication in elsewhere. Hopefully, my article is fulfilling the requirement to be published.. Thank you.

Sincerely,

Muhammad Fitrizal

Dear Dr. Fitrizal,

I am sending the reviewer's comments to your article in the attachment. If you manage to make changes and corrections to the article by 15 Dec 2020, it will be published in the current 4th issue of the journal. Notes in the margins of the article. Also, separately in the attachment - a review.

Respectfully yours, Executive Secretary of AMI Prof. Martynov A.V.

Dear Editor,

I am terribly sorry because I forgot to send the revision by 15 Dec 2020.
And I checked on your journal vol 4 2020 and found out that my manuscript has been published.
Is it possible if I make a correction for the email address? since this manuscript is needed for academic purposes,
then the email should be my academic email address.
I am really sorry for the inconvenience caused by me.
Please let me know if it is possible to change the email address.
Thank you very much.

Regards,
Muhammad Fitrizal

Dear Editor,

I apologize for disturbing you.

I would like to ask whether is it possible to add another author to the published article? My article has been published in your journal vol 4/2020 (<http://journals.uran.ua/ami/article/view/220156>) and I would like to add another author within. Could you please help me with that?

I am waiting for your reply.

Please, help me with this.

Thank you for your cooperation and have a good day.

M. Fitrizal

Dear Author!

Your article has already been published, it is impossible to change the Authors after the DOI assignment.

Sorry, AMI editors.

Dear Editor,

Could you please make it possible? I beg you, please

I needed it for my university assignment, and it should write down the lecturer's name within the manuscript.

I forgot to write the name and also did not get any notification prior to publication.

I am really sorry for the inconvenience.

Please, I beg you to make a change to my manuscript.

I wait to hear from you soon.

Thank you very much.

M.Fitrizal

Dear Muhammad,

after assigning a DOI number to an article, the CrossRef database blocks the ability to make changes to articles.

Thus, it is physically impossible to make any changes to an article that has already been published. You can add a new article for publication in the new issue, send it, we will publish it.

Best regards,

AMI Executive Secretary

Artur Martynov

Dear Mr. Martynov,

Thank you for your response.
Is it possible if you make a change in the journal display only?
If it is not possible, then I will write another article soon.
Please let me know.

Regards,
M. Fitrizal

Dear Dr. Fitrizal,
It is not possible to make changes to an already published issue. We are waiting for an article in the next issue of the journal.
Sincerely,
Executive Secretary of AMI
Artur Martynov

Dear Editor,

Sorry for bugging you again.
I would like to know whether it is possible to withdraw my article?

Thank you for your understanding.
